

Pack your phone, pack a doctor

Telemedicine is your secret weapon for staying healthy during time off. Don't waste your vacation time worrying about how to get care when doctors are just a click or call away.

- Doctor visits via phone or video, 24/7 – available in all 50 states
- Short-term medication refills and other prescriptions* when appropriate
- Care in minutes for allergies, headache, nausea, swimmer's ear, COVID-19 and more
